Company Acceys Technologies PLC

TIDM AXS

Headline Notifiable Interest – De Engh

Released 1 June 2022 Number 6288N

NOTIFICATION OF MAJOR HOLDINGS

AIM: AXS Euronext Amsterdam: AXS

1 June 2022

Accsys Technologies PLC

("Accsys", the "Group" or the "Company")

Notifiable Interest - De Engh

TR-1: Standard form for notification of major holdings

1a. Identity of the issuer or the underlying issuer of existing shares to which voting rights are attached: Accesys Technologies plc				
1b. Please indicate if the issuer is a non-UK issuer (plea	se mark with an "X" if appropriate)			
Non-UK issuer				
2. Reason for the notification (please mark the appropriate	e box or boxes with an "X")			
An acquisition or disposal of voting rights				
An acquisition or disposal of financial instruments				
An event changing the breakdown of voting rights				
Other (please specify) ⁱⁱⁱ :				
3. Details of person subject to the notification obligation	n ⁱ v			
Name	Hoogh Blarick B.V.			
City and country of registered office (if applicable) Naarden, the Netherlands				
4. Full name of shareholder(s) (if different from 3.)				
Name	De Engh			

City and country of registere	ed office (if applicable)	Naarden, The Netherla	ands
5. Date on which the thresh reached ^{vi} :	old was crossed or	30/05/2022	
6. Date on which issuer notified (DD/MM/YYYY):		31/05/2022	
7. Total positions of person	(s) subject to the notifi	cation obligation	
0/	%	of voting rights	Tatal musels an af

	% of voting rights attached to shares (total of 8. A)	% of voting rights through financial instruments (total of 8.B 1 + 8.B 2)	Total of both in % (8.A + 8.B)	Total number of voting rights of issuer ^{vii}
Resulting situation on the date on which threshold was crossed or reached	11.190000 %	0.00%	11.190000 %	23,114,360
Position of previous notification (if applicable)	-	-	-	

8. Notified details of the resulting situation on the date on which the threshold was crossed or reached

A: Voting rights attached to shares

Class/type of shares	Number of voting rights [∞]		% of voting rights	
	Direct	Indirect	Direct	Indirect
	(Art 9 of Directive 2004/109/EC) (DTR5.1)	(Art 10 of Directive 2004/109/EC) (DTR5.2.1)	(Art 9 of Directive 2004/109/EC) (DTR5.1)	(Art 10 of Directive 2004/109/EC) (DTR5.2.1)
GB00BQQFX454	-	23,114,360	-	11.190000 %
SUBTOTAL 8. A		23,114,360		11.190000 %

B 1: Financial Instruments according to Art. 13(1)(a) of Directive 2004/109/EC (DTR5.3.1.1 (a))					
Type of financial instrument	Expiration date ^x	Exercise/ Conversion Period [∞]	Number of voting rights that may be acquired if the instrument is exercised/converted.	% of voting rights	
	<u>'</u>	SUBTOTAL 8. B 1			

Type of financial instrument	Expiration date ^x	Exercise/ Conversion Period ×	Physical or cash settlement ^{xii}	Number of voting rights	% of voting rights
	<u> </u>		SUBTOTAL 8.B.2		

9. Information in relation	to the person subject to the r	notification obligation (please	e mark the		
applicable box with an "X")					
Person subject to the notification obligation is not controlled by any natural person or legal entity and does not control any other undertaking(s) holding directly or indirectly an interest in the (underlying) issuer ^{xiii}					
	ertakings through which the vor fectively held starting with the use as necessary)		on or legal entity ^{xiv}		
Ultimate controlling pers	Name of controlled undertaking Water of controlled undertaking Water of controlled the notifiable threshold Water of controlled threshold Water of co				
10. In case of proxy votin	g. please identify:				
Name of the proxy holder					
The number and % of votin	g rights held				
The date until which the vo	ting rights will be held				
11. Additional information	n xvi				
Place of completion	Maarsbergen, The Netherlands	S			
Date of completion	31 May 2022

Notes to editors:

Accsys (Accsys Technologies PLC) is a fast-growing business with a purpose: changing wood to change the world. The company combines chemistry, technology and ingenuity to make high performance wood products that are extremely durable and stable, opening new opportunities for the built environment and giving the world a choice to build sustainably.

Access transforms fast-growing, certified sustainable wood into building materials with characteristics that match or better those of man-made, intensely resource-depleting and heavily carbon-polluting alternatives.

The company's primary focus is on the production of Accoya® wood and Tricoya® wood elements, as well as technology licensing via its subsidiaries Titan Wood Limited and Tricoya Technologies Limited. Acceys has its head office in London, UK, production operations in Arnhem, the Netherlands, an American office in Dallas, Texas, and is constructing the world's first Tricoya® plant in Hull, UK.

Access is committed to a more sustainable world and uses abundantly available wood sources that are certified as sustainable. With our business model already aligned with several UN Sustainable Development Goals, Access is currently working on identifying further strategic ESG priorities to have an even greater positive impact on the world.

Any references in this announcement to agreements with Accsys shall mean agreements with either Accsys or its subsidiary entities unless otherwise specified. Accsys Technologies PLC is listed on the London Stock Exchange AIM market and on Euronext Amsterdam, under the symbols 'AXS'.

More information about Accsys can be found at www.accsysplc.com

Accoya[®] wood is a sustainable, durable and stable solid wood product with exceptional performance, finish and sustainability. Accsys' proprietary acetylation process makes the wood more dimensionally stable and, because it is no longer easily digestible, extremely durable. Produced from certified (e.g. FSC[®]) sustainable sources, Accoya[®] wood has many environmental credentials and ecolabels, and is one of very few building materials to be Cradle to Cradle Certified™ at the Gold level, with a Platinum rating for Material Health, confirming that no harmful or toxic additives or chemicals are present to leach out into the environment.

With an up to 50 year warranty and 70+ year service life, the combination of sustainability, dimensional stability, durability and retained strength means that Accoya® wood offers a wealth of new opportunities to architects, designers, specifiers, manufacturers and homeowners. These benefits result in lower maintenance and total cost of ownership while also offering significant sustainability benefits. For more information about Accoya® wood, visit www.accoya.com.

Tricoya[®] wood elements (www.tricoya.com) are produced using Accsys' proprietary technology for the acetylation of wood chips and particles for use in the fabrication of panel products such as medium density fibreboard (MDF) and particle-board.

Panel products made with Tricoya® wood elements are truly durable and stable enough for use outdoors and in wet environments. Combining the sustainability, durability and stability from our acetylation process with the ease of use and quality finish of wood panel products, the enhanced durability and dimensional stability opens new opportunities for the use of these products, making them suitable in applications and environments that previously required solid wood, synthetic or unsustainable materials.

Tricoya[®] wood elements have been lauded as the first major innovation in the wood composites industry in more than 30 years. For more information about Tricoya[®] wood elements, visit www.tricoya.com.

Wood acetylation is a process which increases the naturally occurring acetyl content of wood, thereby changing its physical properties. When carried out to a sufficient degree throughout the wood, as with Accsys' proprietary process, it significantly reduces the ability of the wood to absorb water without adding any toxic or harmful compounds, elements or substances that were not already present in the wood. This makes it much more dimensionally stable and, because it is no longer easily digestible to most organisms, extremely durable.

'Accsys' and 'Accsys Technologies' are trading names of Titan Wood Limited ("TWL"), a wholly-owned subsidiary of Accsys Technologies PLC. Accoya[®], Tricoya[®] and the Trimarque Device are registered trademarks owned by TWL, and may not be used or reproduced without written permission from TWL, or in the case of the Tricoya[®]
